

She was a champ at swimming.
But rose up in wild wrath
When she found the water cold
For her morning bath.

He held out on the magnates.
His figure was a hummer.
Still he kept in practice
By swatting flies all summer.

Quinlan Should Report in Splendid Shape

'BIG JIM' NOW TRAINING HARD AT HUNTINGTON

Originator of Term, 'Local Boys,' Has Hopes for Great Season.

MORGANTOWN, Sept. 1.—"Big Jim" Quinlan, the 210 pound youth who was a star at Huntington high in his prep days and who for two years has repeatedly threatened to become a star collegiate football performer, has "blood in his eye" both literally and figuratively this season.

Reports from Huntington state that the big fellow is working out daily with "Bob" Martin, A. E. P. champion; that he is taking several miles of road work each twenty-four hours, and that if he doesn't make the West Virginia University football team this fall, the team will be a championship outfit.

Quinlan has every quality necessary for a football star. Great weight and strength, combined with fair speed and fighting qualities that have never been by anyone combine to make him a perfect specimen of football "timber." Yet in the two seasons he has been a candidate for the West Virginia eleven he has failed to make good. In 1922 he broke a small bone in his ankle and was handicapped all during the season. In 1921 he had a soft job in the summer and reported overweight.

WESTERN CLUBS STRONGER TEAMS

NEW YORK, Sept. 1.—The standing of the clubs of the National and American leagues indicates, except for the two New York clubs, the western division in both sections collectively are stronger than the eastern wings. An analysis of games played between eastern and western clubs at the conclusion of the intersectional series just ended reveals that the western teams in each league have a decided advantage over the eastern.

The National League 290 intersectional games have been played of which the western clubs have won 170 for a percentage of .586, while the eastern clubs have won 120 for a percentage of .414.

The margin in favor of the western clubs in the American league is not so great. Of 301 intersectional games in the Johnson circuit the western quartet has won 166 for a percentage of .551, while the eastern four has won 135 for a percentage of .449.

Cincinnati has been the best performer in the National League with a percentage of .639, after which come the Pirates with .611.

The Giants, ranking third, are the only eastern club to get better than an even break, their percentage being .564.

Chicago and St. Louis played at the same pace against the eastern clubs, each having a percentage of .548.

Detroit's mark of .571 in the intersectional tilts is the best in either league. Second to the Tigers in the American League come the Yankees with .587, who like the Giants in the National are the only eastern club to play better than .500. Then follows the St. Louis Browns, Cleveland, Washington, Chicago, Philadelphia and Boston in that order. The White Sox with .427 are the only western club in either circuit that went below the .500 mark in intersectional contests.

FRENCH CABINET TAKES 'COGNIZANCE' OF ACTION
PARIS, Sept. 1.—(By the Associated Press.) The French cabinet today simply "took cognizance" of the decision of the reparations commission on the German moratorium question, neither approving nor disapproving it. It specifically reserved, however, entire liberty of action in case later developments made other action necessary.

The cabinet held that inasmuch as no moratorium had been granted Germany it could only "recognize" the situation but it insisted that a conference should be called attended by all the Allies without exception, at which the questions of inter-allied debts and reparations should be fully considered.

Sport Chatter

With two men out in the final inning and the score 3 to 0 against them, the Bunker's Stars in the Church League rallied last evening in the game with the Diamond M. E.'s and tied the score. As it was so dark at the end of the inning that further play was impossible, the tie will be played off at a later date.

With Carl Schimmel on the mound for the Fairmont team, the locals won from Parkersburg yesterday at the picnic of traction employees held at Norwood Park. The game was deadlocked at 3 to 3 in the seventh when the local team broke through with three runs and held the advantage until the end of the contest.

George Hill, famous backfield man on the West Virginia team last season, will coach at Kingwood this season, according to reports received here today. The many friends of the local boy will wish him success.

Speaking of the "local boys" don't forget Fairmont has the captaincy this year. Russ Meredith is the man. Pierre Hill was working out at South Side Park yesterday afternoon with a bunch of high school lads. He was getting off some long punts, although this is not his specialty.

Harvey Harman, one of the best tackles ever turned out at Pitt, will coach Haverford this year. By the by, Harman does not share in the pessimistic reports about Pitt's football chances. Harman says Warner has some good material and that he will be out to make his last two years at Pitt the best. It is the opinion of the former tackle that Holleran will make the best captain Pitt ever had, and that's taking in a great amount of territory.

PURCHASE FIFTY ENGINES
CHICAGO, Sept. 1.—Contracts for the purchase of fifty locomotives at an approximate cost of \$1,500,000 have been awarded by the Chicago & Northwestern Railway to the American Locomotive Works, Dunkirk, N. Y. It was said today. This makes one hundred locomotives purchased by the road this year in addition to fifty passenger coaches and a large number of freight cars.

NEW ERA IN GOLF CLAIMED STARTED

Association Official Declares Golf Now Game of and for the Public.

TOLEDO, Sept. 1.—A new era in golf has been started in the public links tournament, which ended here yesterday with Eddie Held of St. Louis the winner, in the opinion of James Standish, Jr., Detroit amateur tournaments and an official of the United States Golf Association.

Mr. Standish, in presenting the cup, donated by himself to young Held, told the gallery of 600 which had just witnessed the St. Louis man's victory over Dick Walsh of New York that golf had now become a game of and for the public and that every city in the country should realize this and follow Toledo's lead in establishing public courses which would rival any of the nation's private links.

The United States Golf Association brought about this tournament for the players who are not members of private clubs because it realized that golf no longer is the game of a few but is the sport of the multitudes and some of the greatest players are those who heretofore have not been recognized because they did not come into national prominence. Mr. Standish said. "The interest and appeal of the game has been shown by the tremendous galleries at yesterday's and today's matches here although not one of these boys is from this city and not one ever has been heard of here before."

BROADDUS TO HAVE SPEEDY GRID TEAM

PHILIPPI, Sept. 1.—"Bobby" Griffith, premier end on the Washington Irving football team at Clarksburg last year has stated definitely that he will be on hand for the Broadbuddus College grid camp which opens here next Wednesday, according to Athletic Director Krawcheck.

It was rumored sometime ago that the Clarksburg youth would be a Broadbuddus man. Representative Brandon arrived from the eastern part of the state today and stated that Griffith had written him that he will be here next Tuesday night. Griffith is considered as one of the greatest fighters the high schools of the state have.

VETS REPORTING TO BOB HIGGINS

Many Visitors Expected at Training Camp Beginning Tomorrow.

BUCKHANNON, W. Va., Sept. 1.—With the arrival of Chalmers Ault of Moundsville, George Priest of Buckhannon, Lester Radman of New Eagle, Pa., John Rohrbach of Weston, William Eldemiller of Fairmont, and Duke Eastman of Mannington, veteran Wesleyan gridders are accounted for at the West Virginia Wesleyan football training camp. Veterans and candidates are reporting in excellent physical condition which will highly please head coach Bob Higgins. Work in oil fields, on farms and at other hard labor has put many of the men in mid-season form.

The final private work out will

be held this evening on the college athletic field. From tomorrow morning's workout it is Coach Higgins' plan to permit all spectators free access to the bleachers which have been erected at the side of the playing field for their convenience. Letters of inquiry from a great number of alumni, sport fans and newspaper sports writers indicate that the Wesleyan camp will have its usual large quota of visiting football fans.
